Step-by-step guide on how to study:

1. **Read and Understand the Prompt:** Begin by carefully reading and understanding the prompt provided for the Independent Speaking Task. Pay attention to the topic, any instructions or questions included, and the time limit for your response.
2. **Organize Your Response:** Structure your response in a clear and organized manner. Begin with an introduction where you briefly state your main idea or opinion. Follow this with 2-3 supporting points or examples, and conclude with a summary or concluding statement.
3. **Use Specific Examples:** Support your main points with specific examples, details, or personal experiences. Use concrete examples to illustrate your ideas and make your response more convincing. Avoid using vague or general statements.
4. **Speak Clearly and Fluently:** Focus on speaking clearly and fluently during your response. Pay attention to your pronunciation, intonation, and pace. Speak at a natural pace and avoid rushing through your response.
5. **Stay on Topic:** Make sure your response directly addresses the topic or questions presented in the prompt. Stay focused on the main idea and provide relevant examples to support your points.
6. **Practice Speaking Aloud:** Practice speaking aloud to improve your fluency and pronunciation. Practice responding to a variety of topics and prompts, both related and unrelated to the TOEFL iBT, to build confidence and familiarity with speaking in English.
7. **Record and Evaluate Your Responses:** Record yourself responding to Independent Speaking Task prompts and listen to your recordings. Pay attention to areas where you can improve, such as pronunciation, clarity, organization, and time management.
8. **Seek Feedback:** Ask teachers, tutors, or language partners to provide feedback on your speaking responses.
9. **Review and Reflect:** Review your speaking responses regularly and reflect on your progress. Identify areas where you've improved and areas where you still need to focus on. Adjust your study plan accordingly to continue improving.
